About Us

The Eldvar Institute (EI) & Frontier Research Hub (FRH) is a multidisciplinary research institution established in 2019. This institute is dedicated to historical research, geopolitics, defense, and economic analysis. EI & FRH seeks to provide accurate, evidence-based research while challenging distorted narratives and misinformation.

- **Eldvar Institute (EI)** – Focused on historical research, myth debunking, and cultural analysis.
- **Frontier Research Hub (FRH)** – Specializing in geopolitics, defense strategies, and economic policies, particularly concerning India's strategic interests.

Mission & Objectives

1. Historical Research & Myth Debunking (Through Eldvar Institute)

- Investigating misrepresented historical narratives and reconstructing factual accounts.
- Studying ancient civilizations, warfare, governance, and cultural evolution.
- Correcting colonial distortions and political biases in history.

2. Geopolitical & Strategic Studies (Through Frontier Research Hub)

- Analyzing global power shifts and international relations.
- Researching India's border security, defense modernization, and maritime strategy.
- Examining China and Pakistan's influence on India's security and economy.

3. Economic & Policy Research

- Studying India's defense economy, strategic investments, and trade policies.
- Assessing economic warfare tactics and their geopolitical implications.
- Providing insights into global financial trends affecting India's future.

Eldvar Institute (EI)

The Eldvar Institute (EI) is a specialized research institution focused on historical research, myth debunking, and the study of civilizations, warfare, and cultural evolution. It is committed to reconstructing historical narratives based on evidence and challenging distorted accounts. The name "Eldvar" symbolizes the pursuit of truth, wisdom, and enlightenment. While it does not have a direct meaning, it can be interpreted as a combination of:

- "Eld" (Old Norse for "fire" or "wisdom")
- "Var" (Latin/Norse for "truth" or "protection")

This represents the institute's commitment to uncovering historical truths and preserving knowledge.

Frontier Research Hub (FRH)

The Frontier Research Hub (FRH) is a premier research institute specializing in geopolitics, defense, and economic analysis. FRH is dedicated to providing strategic insights, policy recommendations, and data-driven research on national and international affairs. We operate at the intersection of global strategy and analytical research, producing high-quality reports that guide decision-makers, policymakers, and researchers in understanding the complexities of global power dynamics.

Chapter 3 of A Legacy Faded in History's Shadow

– This is the story of a fearless warrior who made the mighty Mughals tremble. His bravery challenged Akbar himself, proving that courage can stand against any empire. But his people suffered under Akbar's cruelty—his kingdom was crushed, his people were tortured. Yet, he did not surrender. He fought back with unmatched courage. Who was this warrior? How did he stand against Akbar's tyranny? Get ready for the next chapter of "A Legacy Faded in History's Shadow". Coming Soon!

- **Brahmins : Brahmin Exploring the Brahmin Gene** – The "Brahmin exploring the Brahmin gene" is more than a study of ancestry—it's a personal and spiritual awakening. It is about reconnecting with roots, rediscovering the values that have shaped countless generations, and finding new meaning in ancient traditions. It is an exploration of the self, an effort to honor the past while embracing the future. ([Read More →](#))
- **The Reality Of Constitution writer** – Baba Saheb was against formation Of Constituent Assembly. The way Jinnah demanded For Pakistan, just like that Ambedkar demanded for separate electorate and separate settlement of SC. But, during general assembly election, Out of 1585 seats, Muslim League Won 425 seats, congress won 923. But Ambedkar's ([Read More →](#))

- **Impact of Rupee Depreciation on the Indian Economy** – The value of a country's currency plays a significant role in shaping its economic health. Currently, the Indian rupee is trading at ₹85.20 per US dollar, and it has been steadily depreciating. The depreciation of the Indian rupee, or a decline in its value compared to foreign currencies, especially the US dollar, has both positive and negative effects on various sectors of the economy. While certain industries benefit from a weaker rupee, others face increased costs and inflationary pressures. ([Read More →](#))

- **The propaganda against GST is being aggressively promoted to incite people against the government.** – Of the 33 members in the GST Council, 2 are Central and 31 from the States, but according to some people, our Financi minister is solely running GST by fatwas according to her mood? Out of 55 GST councils so far, 53 have been unanimous, with only 2 needing a vote. 11 INDI state FMs have given 53 unanimous consents so far, (since Day 1 of GST). But no, you think GST was invented by Nirmala Sitharaman as Commerce Minister in 2017, with no skin in the game for State FMs?([Read More →](#))
